

Interactive comment on “A GIS based study on bank erosion by the river Brahmaputra around Kaziranga National Park, Assam, India” by J. N. Sarma and S. Acharjee

Anonymous Referee #1

Received and published: 21 September 2012

The paper is poorly written. It should be re-written and re-organized. The authors should consider consolidating the material into the following sections: Introduction, Methods, Results, Conclusions and recommendations. The paper should also be reviewed (before re-submission) by a native speaker of English. The authors should make sure that the paper conforms with the grammar, style, and spelling standards of scientific papers.
