Interactive comment on “Differences in carbon cycle and temperature projections from emission- and concentration-driven earth system model simulations” by P. Shao et al.

P. Shao et al.

shaopu0608@gmail.com

Received and published: 7 October 2014

We appreciate Dr.Jones’s comments that help us to clarify our presentations and motivate us to do additional analyses with new insights. Please find the response letter in the supplement.

Please also note the supplement to this comment:
