

Interactive comment on “Climate and carbon cycle dynamics in a CESM simulation from 850–2100 CE” by F. Lehner et al.

F. Lehner et al.

lehner@climate.unibe.ch

Received and published: 7 April 2015

We are grateful to Nathalie Mahowald for pointing out this paper. It confirms our comparison with Froelicher et al. (2011), which also showed a different precipitation and carbon cycle response. We included a reference to Rothenberg et al. (2012) in the revised version of our manuscript.
