

Interactive comment on “On the social dynamics of moisture recycling” by Patrick W. Keys and Lan Wang-Erlandsson

M. Sivapalan (Editor)

sivapala@illinois.edu

Received and published: 3 February 2018

The paper has received several critical but constructive comments. I strongly encourage the authors to respond to each reviewer, including an articulation of how they intend to address relevant comments and criticisms in a revised manuscript

Interactive comment on Earth Syst. Dynam. Discuss., <https://doi.org/10.5194/esd-2017-120>, 2017.
