Interactive comment on "Impacts of climate change and climate extremes on major crops productivity in China at a global warming of 1.5 °C & 2.0 °C" by Yi Chen et al.

Yi Chen et al.

taofl@igsnrr.ac.cn

Thanks a lot for the positive comments. We have taken all of them seriously and had revised our manuscript accordingly. Our responses by point-to-point are detailed in blue, and the revised portions are marked in red in the revised manuscript. The Response to Reviewer 2 and the revised manuscript were all in the supplement.

Please also note the supplement to this comment:
