Received and published: 16 April 2020

We thank the Referee for reviewing our manuscript and their encouraging comments. We have compiled our replies to all raised issues and points in a separate document. The Referee’s text containing all aspects is in black, while our responses to each item are in blue. Please inspect the uploaded pdf file.

We hope that our replies find your full approach and, hence, we are looking forward to the publication of our manuscript.

Please also note the supplement to this comment:
